ABOUT DANCE ONTARIO

Founded in 1976, we are a not-for-profit organization that has developed into a dynamic cross-section of all areas of the dance sector, from internationally renowned companies, like the National Ballet of Canada to costumers and photographers.

A membership-based organization, DANCE ONTARIO is the province's key dance service organization and the only one that interacts with the general public, promoting members services and events.

Our main mission is to promote and support the advancement of dance in Canada, and in particular, dance in the province of Ontario.

We produce DanceWeekend @ Harbourfront Centre and collaborate with other arts service organizations to deliver **on the Move** conferences for emerging artists transitioning from training institutions to the professional dance sector.

Dance Animation Ontario takes professional activity to communities across Ontario offering workshops and performances tailored by the local presenter. The initiative develops a new generation of dance presenters, re-invigorates and inspires current students and teachers, and provides excellent research tools and presentation models for the future.
